Standards

Our requirements are a practical, industry-vetted framework to help you minimize risk and boost consistency in how care and services are delivered. Our standards focus on key operational areas that most impact the safety and quality of personal care services, such as:

- Staff competency
- Patient assessment
- Emergency management
- Infection control

Our On-site Survey Experience

Customers describe The Joint Commission's survey process as educational and collaborative — an opportunity to enhance business practices guided by trusted industry experts.

Our surveyors assess compliance to our standards in real time, guided by the client experience and our unique “tracer” method.

We conclude by providing your leadership team a thorough, objective assessment and practical strategies for ongoing performance improvement.
